# Enjoy taking selfies!

You can check your framing with the mirror next to the lens.

Selfie Mirror

## Close-up lens attachment

Close-up shooting up to 35cm away is possible.

## High-key mode

You can take a high-key photo easily.

Setting the brightness adjustment dial to the high-key mode mark allows you to take pictures with a softer impression.

\* Simulated image

## Simple operation for instant pictures

Press the button beside the lens to turn power on.

Adjust the dial to the lit position.

Shoot and obtain pictures instantly.

### Brightness adjustment dial

instax mini 9 automatically determines the best brightness for taking a picture and lights up the most suitable setting based on your surroundings. Turn the brightness adjustment dial to the lit setting.
